

DEVELOPMENTAL MILESTONES

and possible struggles for your dog

Newborn/Coming Home (cradle hold)

Facing outward/direct eye contact

Tummy time, more time in dog's space

Rolling over, first time really being mobile

Grasping, reaching, pulling things to mouth

Sitting up, can watch and make eye contact with dog

Crawling, often curious about and pursuing the dog

Standing, often using furniture or other object as support

Walking, usually unsteadily and falling a lot

Toddlerhood and greater independence and pushing boundaries
