

FARMER'S DOG TREAT RECIPE

INGREDIENTS:

- **1 pack of Farmer's Dog food** (Note: pack size vary so you may need to adjust the water/flour amounts below). Our pack is about 16 ounces.
- **1 cup tapioca flour**
- **1/2 cup whole wheat pastry flour** or white flour (can use gluten free if needed)
- **1 tablespoon olive oil**
- **1/2 cup water**, if needed to thin, add a little bit at a time

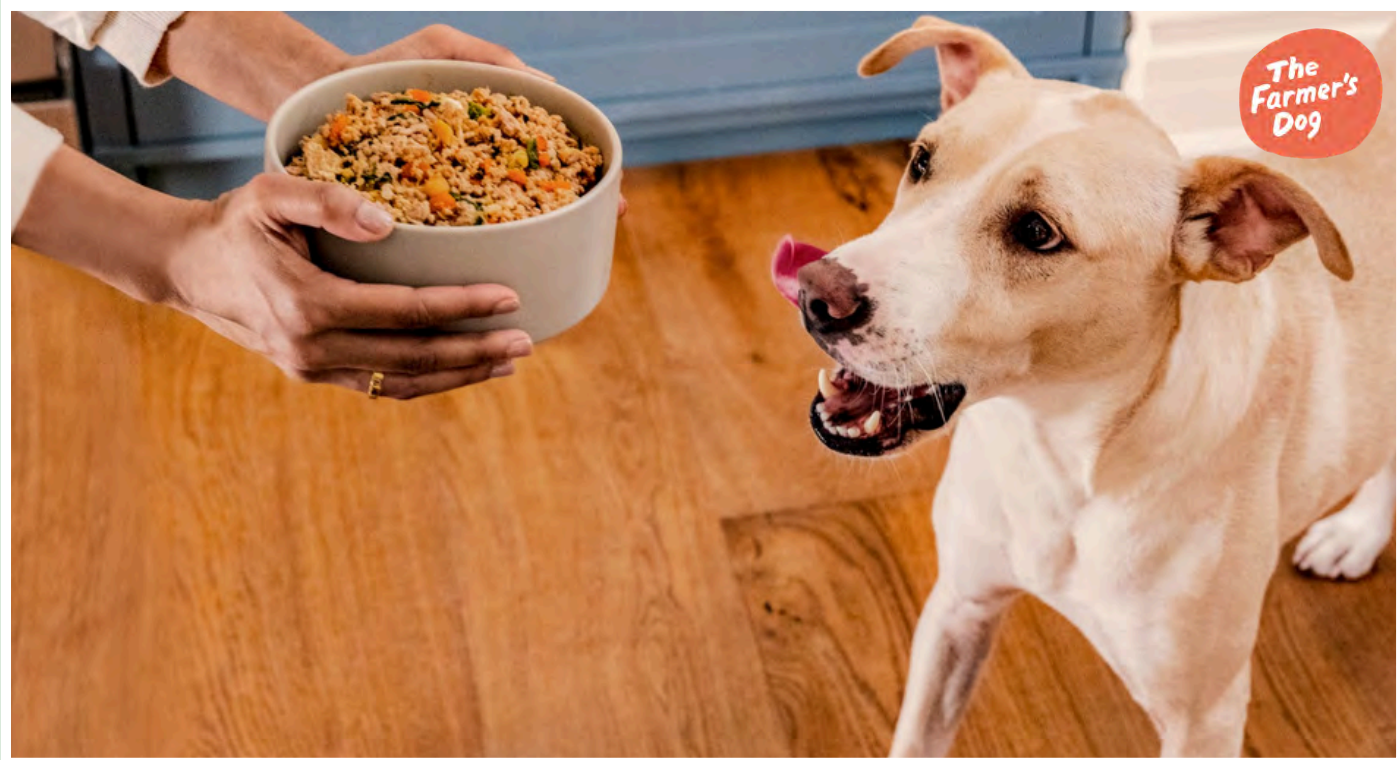

DIRECTIONS:

Mix everything together (I do it in my stand mixer but can use food processor if desired or mix by hand well). Bake at 350 for about 25-30 min. Chill in freezer for 10 minutes to cool then roll mat over a sheet of parchment, twist like an ice cube tray to pop them out. One batch makes about 4-5 mats of silicone triangles. Each mat is about 468 triangle treats so **one batch is over 2000 treats!**
